

Registration Information

The Harley School Driver Education Program helps students from area high schools learn to be safe, defensive drivers. Those who successfully complete our program receive a New York State Senior Night License Form (MV-285). This enables 17-year-old students to drive after 9 p.m. Many insurance companies give senior night license holders a premium reduction of up to 15%. The five-hour pre-licensing course (MV-278) is also part of the curriculum and will be issued to anyone enrolled at no additional cost.

Summer program runs from June 26 to August 10, 2023.

Students must have a learner's permit or driver's license to participate in Harley's Driver Education Program.

Students must be 16 as of June 26, 2023 to participate.

Updated COVID Protocols: The Driver Education program does not require proof of vaccination anymore. We are now mask-optional. If you contract COVID, but feel well enough to return on day 6 (from onset of symptoms), then from days 6–10 you are required to mask with a KN95. We still expect students who have a new onset of COVID symptoms not attend Driver Education classes.
